2003 ADV FILMS ANIMATION AND LIVE ACTION CATALOG

ABOUT US

Founded in 1992, Houston-based ADV Films has firmly established itself as North America's premier producer-distributor of Japanese Animation (anime). The firm's continuing success can be attributed to releasing the highest quality productions, coupled with the scope and diversity of the company's catalog. ADV, so successful in converting a "niche" product into a retail gold mine, has been subsequently sought after by other quality-focused production companies for home video distribution of their franchises, including premier sci-fi series titles as Mutant X, Gene Roddenberry's Andromeda and The Jim Henson Company's Saturn Award-winning Farscape.

Now entering the company's second decade of excellence, ADV's Houston headquarters are home to administrative operations, state-of-the-art studios, and warehousing facilities. Additional studios are located in downtown Austin, capitol of the Texas film industry and the state. Spanning the world, ADV operates satellite offices in both London and Tokyo, encompassing over 200 team members, and is expanding rapidly to meet the explosive growth and feverish demand for its high-profile products.

ALSO FROM ADV FILMS

The growing demand for anime and home entertainment products has resulted in ADV's expansion into other areas of the art form, providing fans with an extensive array of specialty merchandise created from their favorite films and series, including dynamic anime soundtracks and officially-licensed commodities such as t-shirts, collectors-edition custom cases, toys, models, and much more.

The business of A.D. Vision, Inc. (parent company of ADV Films) doesn't end with DVDs, CDs and ancillary merchandise. The firm is also the publisher of *Newtype USA*, the official English-language version of *Newtype*. Japan's #1 anime and manga magazine, and the world's leading source of information about the anime and manga industries. *Newtype USA* is published through an agreement with Kadokawa Shoten, the publisher of *Newtype* (Japan). *Newtype USA* combines extensive content from the Japanese edition with original English content aimed at the North American audience.

Since the November 2002 debut of Newtype USA, the magazine has been the premier anime and manga monthly in the English-speaking world. Reader value is emphasized throughout, with each issue includes numerous free extras, including centerfolds, postcards, a manga (comic) special, a DVD insert and more. To best showcase the original artwork of Japan's top anime artists. Newtype USA is oversized and beautifully reproduced on high-quality gloss stock. And finally, in a truly distinctive touch, Newtype USA reads from right to left, just like the Japanese original.

A LETTER

TO OUR LOYAL FANS, RETAILERS, AND STRATEGIC PARTNERS AROUND THE GLOBE

Last year we celebrated our tenth anniversary. I envisioned it as a chance to take a deep breath and look back at what we'd accomplished. But every time I think we can look back, there's more to do, and more opportunity. In our eleventh year, we're just speeding up, and moving further and further ahead of the competition. Resting on our laurels just isn't in our nature.

In our first year, we released one product, *Devil Hunter Yohko*. Last year, we released over 200 titles, from the anime smash hit *Excel Saga*, to live-action titles like *Gene Roddenberry's Andromeda*. We launched the *Robotech* Complete Collections of DVDs, collecting the individual episode discs of all three chapters of the legendary saga.

The year 2002 wasn't all about DVDs, either. We embarked on a major publishing venture, creating Newtype USA, the official English-language version of Newtype. Japan's #1 anime and manga magazine, and distributing it across North America. Response has been tremendous.

We created The Anime Network™, the first network in North America dedicated to anime and anime-related programming, and executed the network's Phase One test launch,

Phase One test launch, across the metropolitan Philadelphia area. For 2003 there's even more. Koichi Mashimo's *Noir* and the runaway hit RahXephon are both on our 2003 release schedule. The circulation of $Newtype\ USA$ is growing, and the next phases of The Anime Network[™] are underway. Fans can hardly wait for our upcoming titles, they watch their mailboxes for their issues of $Newtype\ USA$, and they're immensely excited about The Anime Network[™].

This business isn't just my job, it's my passion. It's something that I share with a huge—and growing—community of anime fans all over the world. When I talk to fans at conventions, when I read what they write on-line, when I talk to artists and directors in Japan I know that I'm in the world where I belong. And I'm glad you're all here too.

I think you'll like what you see in this catalog. There's something in here for all of us.

Faithfully Yours.

John Ledford President, CEO A.D. Vision, Inc. Houston, Texas | Spring 2003

>> LEGEND OF CRYSTANIA THE CHAOS RING

The land of Crystania has been at peace for some time. But like a shallow sleep, tranquility is shattered by nightmares born of the blackest night. The seals that protect Crystania are coming undone, and the Bell of Wakening tolls, unleashing waves of terror upon the land and its people. Tornados. basilisks and Dragon Lords roam, heralding the return of King Barbas. Village after village is destroyed, and the gods of Crystania are next. Only King Ashram, trapped in the World of Chaos, provides a glimmer of hope. But will Redon's innocence and Pirotesse's love be enough to provide him with a portal home?

» MARTIAN SUCCESSOR NADESICO

The Earth, the Moon and our Martian Colonies are under alien attack and our space fleets are powerless to stop the invasion. Disgusted by the incompetence of the Terran military, the independent arms manufacturer Nergal builds its own space battle cruiser and launches a new offensive in a desperate attempt to save the Earth. Unfortunately, due to a shortage of trained military personnel, the crew is a little unorthodox... With a reluctant assistant cook as a pilot, a ditsy General's daughter in command, and the largest contingent of geeks, misfits and anime fans ever sent into orbit, the poor enemy Jovians won't stand a chance! There's love, war and giant robots galore in the award-winning anime masterpiece Martian Successor Nadesico!

>> PRINCESS NINE

Led by a hot-shot young "natural," nine young women defy the male-dominated tradition of Japanese sports... not to create a league of their own, but to take on the boys on their own artificial turf and prove there's nothing a man can do that a woman can't do just as well! The hallowed stadiums of Japanese baseball become battlefields as the bats crack, the sweat flies and every hard-earned run becomes another step in the long road-trip to victory!

The city of Tokyo has been overthrown, taken over by the Mu, invaders who have devastated the rest of the planet. Within the domed walls of the city, however, time flows in a different path, and none of the citizens even know they've been conquered. Outside Tokyo, the remnants of the human race have fought a desperate 15-year war against the Mu, knowing only that the key to victory lies within the occupied city. But no one has been able to get into Tokyo-until Ayato Kamina, a young resident fleeing a horrifying attack on the city, unwittingly breaks out. An extraordinary mystery unfolds

as Ayato confronts a world he has never known, and begins to learn the secrets of RahXephon, a humanoid super weapon only he can control.

>> ROBOTECH®: THE MACROSS SAGA

In 1999, a giant alien battlecruiser crash lands on Earth. Concerned about what will happen if the aliens ever come looking for their ship, mankind unites to repair the craft. Ten years later, the rechristened SDF-1 is ready to fly-but the alien Zentraedi arrive on Earth to reclaim her. Earth's defense force springs into battle, using SDF-1 as their mobile base. A brutal, extended war is fought, in space and on Earth, and the lives of many of the SDF-1's valiant crew will be sacrificed before it is over. A beautifully animated romantic war saga,

packed with hard-hitting mecha action and richly developed characters, The Macross Saga and the two subsequent acts (Robotech: The Masters and Robotech: New Generation) comprise one of the most popular, influential and significant titles in the history of anime.

» ROBOTECH®: THE MASTERS

The second act of the Robotech epic begins as the Earth attempts to rebuild following a devastating intergalactic war with the Zentraedi. But these plans for a new world are set aside as a new alien threat appears, testing the resolve and courage of Earth's last survivors.

The Robotech Masters, a dying race of technologically superior beings, come to Earth to retrieve their lost creation—Protoculture. Ruthless and desperate, the Robotech Masters will stop at nothing in their quest to retake Protoculture—potentially the most powerful force in the universe. But the Robotech Masters did not

count on the strength and skill of Earth's Robotech
Defense Forces. Throughout the course of this exciting,
combat-heavy chapter of *Robotech*, new heroes are
introduced, surprising secrets of the Protoculture energy
system are revealed, and the lives and loves of a tight-knit
band of warriors are explored in vivid, exciting storytelling.

>> ROBOTECH®: NEW GENERATION

The final act of the original Robotech series begins as an advance rescue mission mounted by the "Mars Base" Division of the Robotech Expeditionary Forces is wiped out by the Invid-a powerful and mysterious alien race. Scott Bernard, one of the few surviviors of the battle, leads a colorful band of freedom fighters in a campaign to seek out and destroy Reflex Point, the Invid Stronghold. Along the way Scott and the others are forced to look inside themselves to discover hidden strength and the determination to carry on in the face of overwhelming odds. Throughout this final chapter, many of the mysteries of Protoculture are revealed, including the role the Invid play in this complex, dramatic inter-galactic saga.

>> THE SAMURAL

Takeshi Chimatsuri is many things, but the one thing the young samurai is not is a ladies man. In fact, he tends to go into a catatonic state whenever confronted with naked female flesh. But his difficulties with the fairer sex were never a problem, at least not until the Tokai Twins, Akari and Kagiri, blew back into town. Takeshi's erstwhile childhood playmates have grown up, filled out and become femmes fatale schooled in the arts of the ninja. That's bad news for Takeshi, because they've come back for their family's ceremonial sword, now in his possession—and they'll stop at nothing to get it back, including subterfuge, sneak attacks and a little well-timed nudity!

When a mysterious alien force begins their annihilation of the human race, a young pilot feels called to join the resistance. But the danger of an interstellar battle is not Mikako's greatest concern. For she has left behind the one young man she loves. And as Mikako flies further into deep space, her only way to connect with Noboru is by text messages. While Mikako risks her life to save mankind, Noboru waits. At first days, then months, then years for each new message that will let him know whether Mikako is still alive. And while she barely grows older in the timelessness of space, Noboru ages. How can the love of two young people, torn apart by war, survive? To what distance would you go for your one, true love?

>> ZONE OF THE ENDERS: IDOLO

2167 AD. Deep in a hidden laboratory, the Martians are testing new weapons technology that's going to blow Earth away! Hotshot pilot Lieutenant Radium Levans is taking charge of this program to lead the fight against Earth's oppressive rule—or is the program taking charge of him? The mineral Metatron that powers the Idolo weapon has a mind of its own! With the Earthling UNSF working to crush a possible Martian uprising, Radium's Orbital Flame project development team has no time to lose. Will Radium be able to force the Idolo beta unit to choose a noble destiny, or will the power of Metatron consume him completely?

The planets are on the brink of war, but the only thing hard-working, hard-drinking all-American cargo hauler James Links wants is to reconcile with his estranged family. But when he discovers the fearsome Orbital Frame Dolores weapon aboard his carrier ship Ender, the entire Links clan is plunged into mystery, murder and mayhem! Earth wants her, Mars wants her, everyone wants Dolores except the one man who has her. Blast off with a crew of unlikely heroes in the high-speed interplanetary adventure Zone of the Enders: Dolores i!

» GENE RODDENBERRY'S ANDROMEDA

Gene Roddenberry's Andromeda chronicles the adventures of Captain Dylan Hunt (Kevin Sorbo) and his crew on the starship Andromeda Ascendant as they search the galaxies in an effort to rebuild the Systems Commonwealth, a community of worlds strewn across the universe working together for peace. But Captain Hunt and his crew won't find their undertaking to be an easy task, as they must continuously battle with those with other plans, including foes such as the vicious Nietzscheans, a race of genetically engineered humans who follow the teachings of Friedrich Nietzsche, the famous 19th Century philosopher.

GENE RODDENBERRY'S SEESON 2

>> ANDROMEDA SEASON 2

SEASON 2

Captain Dylan Hunt and the crew of the Andromeda Ascendant continue their mission to rebuild the Systems Commonwealth and bring peace to the universe. But to do so, they will have to contend with a vicious onslaught of foes, like the bloodthirsty Magog, the deadly Nietzcheans and the homocidal Genites. Making matters worse, Hunt has been infested with Magog larvae, making the heroic crew's mission more dire than ever.

>> FARSCAPE

Seeking to discover a new form of space travel that will put the stars within mankind's grasp, astronaut John Crichton succeeds beyond his wildest dreams when his experimental craft is sling-shot through a wormhole to the far side of the universe. Unfortunately, that's where his luck ends. Emerging into the middle of a horrifying inter-galactic war with his ship disabled. Crichton finds himself trapped by alien creatures who are far more concerned with saving their own lives than helping a lost human. Hunted by a merciless race of mercenaries and with a death sentence on his head, one lone astronaut will have to ally himself with a rag-tag group of aliens and their living ship Moya to survive!

>> THE COMPLETE DAIMAJIN

On a mountaintop in Japan rests a giant stone statue, cold and unmoving, as if observing the world around it in detached silence. Now the once-thriving paradise below has become a living hell, and the divine hand of retribution can be stayed no longer. He is the spirit of vengeance, and the wrath of God given form. He is Daimajin. Contains three classic films—Daimajin. Wrath of Daimajin and Return of Daimajin.

» GAMERA: ATTACK OF LEGION

A freak meteor shower near Sapporo, Japan brings with it more than just a killer light show-electrical problems, overgrown plant life and a whole slew of rather irritable critters also drop in to threaten the human race. Local science instructor Midori Honami (Miki Mizuno) is called to assist the brave Colonel Watarase (Toshiyuki Nagashima) in the military's oft-confused attempt to save mankind. They must find a way to successfully combine efforts with their reptilian protector, or both will face ultimate destruction against the earth's bugged-out invaders.

>> GAMERA: REVENGE OF IRIS

Still reeling after the hard-fought battle to repel the Legion, Japan is now reminded of a deadly foe from the past. The Gyaos have returned. And this time, the ornery man-eating birds have not only increased their numbers, but they have also added a new menacing member to their destructive little club. Iris, the flying, blood-sucking squid monster, is all rested up and ready to rumble. Raised by a young girl whose parents were squished by Gamera in a horrible accident, Iris takes her learned hatred and goes out on the warpath. Dr. Nagamine and Inspector Osaka are reunited to help Gamera in his relentless quest to protect and save the human race.

BEASTMASTER TV SERIES

He is the last of his kind, the lone survivor of a brutal raid on his village. Years later, the boy has grown into a heroic adult, gifted with the ability to communicate with the great beasts that roam the land. Accompanied by the scholar Tao, the fierce tiger Ruh, the majestic eagle Sharak and the mischievous ferrets Kodo and Podo, the legendary Beastmaster Dar fights to protect the animal kingdom from the forces of evil.

COSPLAY COMPLEX

Explore the world of anime cosplay fandom in this three-episode OVA series

DRAGON KNIGHT

The Black Mist in encroaching from the west. Lucifon and his dark forces are advancing from the east. And the fate of the world, most importantly that of Natasha, rests in Kakeru's hands. Again. Only this time, he will have some help—from himself. Disguised as "Eto", Kakeru has come back in time to right the wrongs of a past gone dreadfully awry. With the help of Marlene and a few other friends. Kakeru must conquer his fears, protect his loves, and discover his true destiny. And... well, meet the fancy of a few lovely ladies along the way. Dragon Knight—it's about time.

GENE RODDENBERRY'S EARTH: FINAL CONFLICT

The alien Taelon Companions are plotting to take over the Earth and crush the human Resistance beneath their heels. But the aliens are going to find out that mankind won't go down without a fight and heroism doesn't die so easily. Gene Roddenberry's Earth: Final Conflict is a gripping drama, combining intrigue with realistic studies of human weakness, determination and heroism.

I ADY DEATH

Fifteenth century Sweden: Hope—the beautiful daughter of Lucifer, the Lord of Lies—is sentenced by a mock inquisition to be burned at the stake. Unable to think clearly, she accepts Lucifer's offer of life in Hell—presented by the malevolent Pagan—over a hideously painful death. Lucifer's grand plan to pervert a pure soul meets unanticipated resistance, and Hope soon finds herself transformed into Lady Death. Together with the valiant outcast. Cremator, Lady Death challenges Lucifer's hell-spawned kingdom of darkness. The resulting conflict explores the depths of faith and love as an alternative to the corrupting power of evil.

MUTANT X

Led by the brilliant and mysterious Adam, the young heroes of Mutant X are on a mission to protect their fellow mutants—people possessing extraordinary powers and abilities that set them apart from the rest of humanity—from the deadly plans of the evil corporation Genomex and its Genetic Security Agency.

NAJICA BLITZ TACTICS

With 17% of the Earth's surface submerged in water following a devastating series of earthquakes, perfumier by day/secret agent by night Najica Hiragi uses her uncanny ability to recognize and classify over 500 different smells to build her cosmetic empire and fight the world's criminal and terrorist element.

ONCE UPON A TIME

An anime classic, combining elements of feudal fantasy, Shakespearean drama and ecological morality play. Justifiably famous for the beauty of its designs and backgrounds, *Once Upon a Time* also boasts fascinating characterizations and a heart of pure romance. And robots, to boot!

ORPHEN 2: REVENGE

In the sequel to the wildly popular saga of the rebellious sorcerer, Revenge captures all the drama, comedy, and magic of the first thrilling tale. Orphen, Cleao, Majic, and the two dastardly trolls all reunite for adventure. This time, there are more monsters, new enemies, and more enchanting excitement. Get ready for Orphen 2: Revenge!

PRETEAR

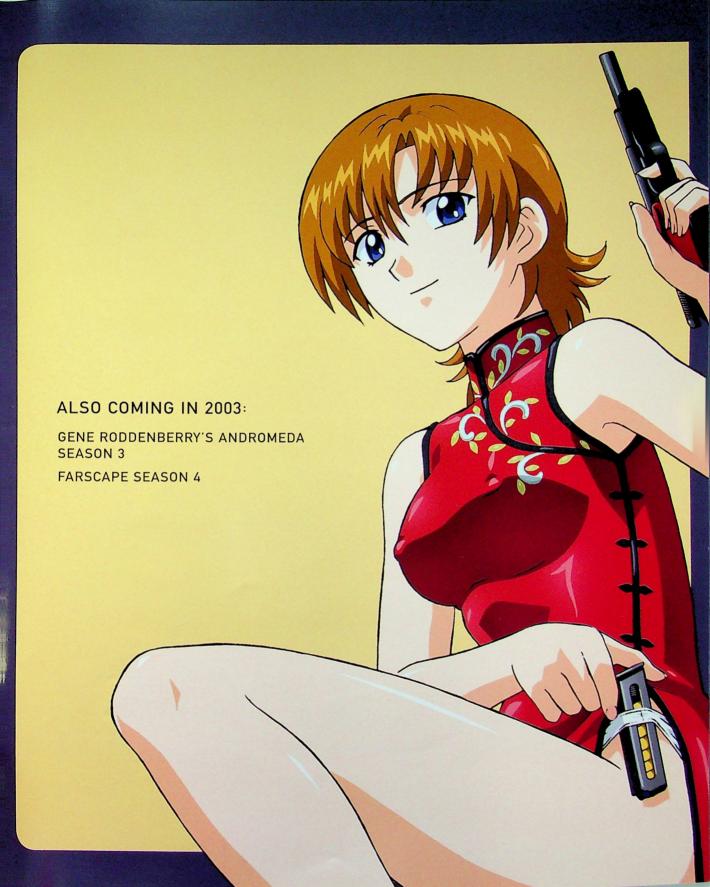

Himeno just doesn't seem to fit in anywhere. She's an outsider in her own family, unable to get along with her new stepsisters and ignored by her father, who's too busy with his new wife to notice his daughter's loneliness. The kids at school don't seem to like her too much either. But just as things seem to get as bad as they can possibly get for the young girl, her world takes a sudden turn for the weirder, as seven handsome knights enter her life to guide her to her true destiny as Pretear, the magical hero fated to save the world from evil.

SAINT SEIYA

In the not-so-distant future, catastrophic events have led to the splintering of the world's most powerful governments. The Asian financial consortium, the Graude Foundation, is sponsoring "The Galaxian Wars," a competition bringing together the world's greatest warriors to do battle for the ultimate prize—a golden armor in the shape of Sagittarius, the centaur archer. But unbeknownst to the competition's combatants—also known as "Saints"—a war is brewing between the Greek gods Athena and Ares. And the Saints are caught in the middle!

ZAION

A meteorite crashes to earth, bringing with it a fearsome virus—M34—which turns humans to fearsome, lethal creatures. The alien virus leads to the death of much of the earth's population, but a few agencies gather to combat it. One, NOA, creates cybernetic implants which are inserted into select soldiers, to enable them to fight the infected humans. But the virus continues to mutate, and soon mankind's only hope is one 16 year-old girl who may yet have the power to defeat it...
